

Dear HERD Family,

It is hard to believe the month of March is almost in our rearview mirror. The past few weeks have been a blast as we have been submerged in snow, doused in sun rays, and blasted with intense winds. The month of March is always a wildcard but Rob and I love the mystery that comes with each passing day. As you can see in the picture below, we had a blast sledding down the hill.

CMAS testing begins this week, and Dr. Thelen and I are looking forward to seeing how our students perform. The data will help us in monitoring the academic progress of our students, and address the academic, social, and emotional needs of our students.

The BRE Virtual Science Fair will take place April 23rd. We are so excited to see our students' projects and to support their hard work.

Dr. Thelen and I would also like to extend a special thank you to our BREA and the surrounding community for providing dinner and snacks for our teachers during conference week.

Nothing is more lifting to one's spirits than yummy Pizza or Chick-fil-A. You definitely put a smile on everyone's face.

While conferences were virtual this year, it was great to connect with parents, share success stories, and update families on their student(s) academic progress. Thank you for taking the time to connect with our teachers. Your partnership is deeply appreciated.

See you in April!

Warmly,

A handwritten signature in black ink that reads "Jen & Rob". The signature is written in a cursive, flowing style.

Jen and Rob
